

'Please Help Harvey'

travel to Germany for Stem Cell Treatment

Hi, my name is Harvey and I am nearly 3 years old. I have cerebral palsy which effects my muscles which means I can't talk or walk yet and find a lot of daily tasks very difficult.

I have been to Germany 6 months ago for stem cell treatment. This was very successful and mummy and daddy have seen great results.

My sitting has improved and I can now crawl commando everywhere and I'm also learning to talk. Please help me return to Germany so I can benefit from more results...

'If you can donate or help in any way please contact us'.

49 St Stephens Road, Northend,
Portsmouth, Hampshire PO2 7PG

To make a donation please call my mummy & daddy
